## About Us

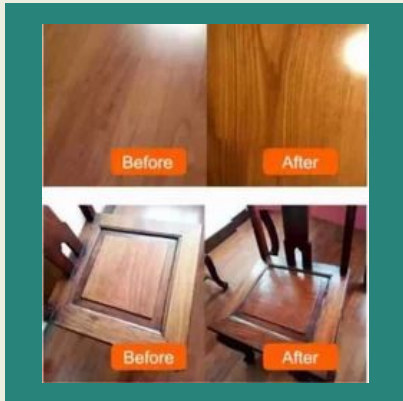

Established in year **2016**, "**Pep Technology**" is **Service Provider of Biodegradable Cleaner, Descaling Chemical, Cleaning Chemical, Coil Cleaner, Rust Remover Spray, Cutting Oil, Paint Remover Chemical** and much more. Through the years the company has created a niche customer base through its large network of branches across India and by striving to achieve total customer satisfaction.

In view of our commitment to customer satisfaction, we undertook total overhaul of our machineries and upped our quality to best in the world. Today, the company is equipped with fully automatic weaving looms, CNC powered high speed punching machine and heavy duty metal screen weaving machines. We follow global best practices in our management system and are audited by TUV-SUD for our quality management system. Our highly skilled mechanics and engineers have many years of expertise in weaving and perforation. Our customers are welcome to visit our facilities and see our processes. Under the valuable guidance of our mentor, **Mr. Viswanathan Krishnakumar(CEO)** , we are growing with a notable rate in the market. He has spent long years in the industry to have rich industrial experience enabling us to understand the varied requirements of our clients
